

COMPREHENSIVE (COMPLEX) EXAM SCHEDULE AND DEADLINES
https://hdi.uni-nke.hu/document/hdi-uni-nke-hu/TVSZ_angol.pdf

07 May	last in-person class	
by 01 May	The student discusses the "Research Plan and Report" for the Complex Examination with their scientific supervisor	Format: min. 1 author's sheet (equivalent to 40,000 characters including spaces), Verdana, Font size 10, line spacing: multiple 1,15
	The supervisor prepares the "Scientific Supervisor's Evaluation" and sends it to the student.	https://hdi.uni-nke.hu/document/hdi-uni-nke-hu/temavezetoi-ertekeles-2023.docx
	The Doctoral School sends the exam preparation questions related to the Comprehensive Exam to the students via email. Students will have approximately one month to prepare for the subject-related part.	
by 05 May	Students submit the "Research Plan and Report" document to their research area leaders. After the requested revisions, the area leaders close the <i>Research Workshop Seminar</i> course.	
on 17 May	End of the academic term (end of the study period); the semester closing begins.	
	Closure of all courses.	Since their courses are assessed with practical grades and the last class is scheduled for April 29, 2025, instructors (professors) are expected to finalize the course grades by the end of the study period.
	Submission of the "Semester Research Report" – closure of the <i>Scientific Research III.</i> course.	Students can only obtain the required 120 credits for the Comprehensive Exam upon submission of the Semester Research Report. Those who fail to attach the necessary supporting documents (e.g., publications, conference presentations, teaching activities) will have their case forwarded to the leadership of the Doctoral School for further administrative action.
by 25 May	Submission for the Comprehensive Exam – Required Documents:	
	„Applying for the Complex Examination"	https://en.uni-nke.hu/study-programs/doctoral-programs/phd-in-military-sciences/documents
	„Supervisor's Evaluation"	
	„Research Plan and Report"	in writing, after approval by the scientific supervisor and then the leader of the research area
by 29 May	The Doctoral School prepares the exam schedule and sends it via email.	
02 June	The Doctoral Council (TDT) issues a decision regarding the eligibility of applicants for the Comprehensive Exam.	
11-12-13 June	Comprehensive Exam.	Students are required to bring a PowerPoint version of their 'Research Plan and Report' on a USB drive. The presence of scientific supervisor is also expected."
